## CUSTOM EXHAUST

**Guarantees the Lowest Price in Town..**

- Low Prices
- Stock Repairs
- Brakes and Tune ups
- Performance Systems and Parts
- Same Day Service

How can we have such good prices on repairs? Well we start with raw materials; straight 14 gauge pipe, mufflers, and hangers. Then we fabricate the exhaust system to your vehicle specifications. The advantage: a perfect fit and cost savings to our customers. National chain shops buy pre-bent exhaust systems from their franchisors at very high prices and pass this cost to their customers. Lou's does not have middle men—so our repair prices are typically hundreds of dollars less than dealers and repair shops.
